Thanks for your good thoughts yesterday on planning for our EPA/partners-LWG meeting next Tuesday to talk through the ERA decision framework. Attached is a draft agenda per our discussion; if you have any comments or suggestions, please let me know.

In addition to the agenda, we will provide a summary of the issues EPA/partners have identified related to the LWG's ERA Decision Framework document, to help us all prepare for an effective discussion. Eric, Chip and I will add the issues summary to the agenda tomorrow afternoon and send it out to all meeting participants by late tomorrow or early Friday (at the latest).

I look forward to seeing you next week.  
Cheers,  
Mikell
